Years later, he discovered a vibrant New York underground magic scene exploding with creativity and innovation and populated by a fascinating cast of characters. Captivated, he plunged headlong into this mysterious world. From the back rooms of New York City's century-old magic societies to cutting-edge psychology labs, Fooling Houdini recounts Stone's quest to join the ranks of master magicians. As he navigates this quirky and occasionally hilarious subculture, Stone pulls back the curtain on a community shrouded in secrecy, fueled by obsession and brilliance, and organized around a single overriding need: to prove one's worth by deceiving others. But his journey is more than a tale of tricks, gigs, and geeks. In trying to understand how expert magicians manipulate our minds to create their astonishing illusions, Stone uncovers a wealth of insight into human nature and the nature of perception. By investigating some of the lesser-known corners of psychology, neuroscience, physics, history, and even crime, all through the lens of trickery and illusion, Fooling Houdini arrives at a host of startling revelations about how the mind works--and why, sometimes, it doesn't.

Magic: The Complete Course Joshua Jay,2008-11-08 Magic is everywhere, from the big spectacle celebrity of David

Copperfield and Siegfried and Roy to the quirky Penn and Teller to the spooky David Blaine and Criss Angel to the endless material on YouTube. But until now, learning it has never been easy—that's all about to change with *Magic*, a book that does for close-up magic what *How to Grill* does for barbecue. Written by charismatic young magician Joshua Jay, *Magic* combines expertise, photographs, and step-by-step directions showing how to perform 100 tricks. Joshua Jay took home the top prize at the World Magic Seminar (the Olympics of magic) when he was just 16 years old. Now he continues to perform magic, write about magic, eat, sleep, and breathe magic. Here, he brings all his passion and knowledge to teaching magic. Each trick is broken down into the Effect, the Secret, the Set-up, and, most important, the Performance, with lessons on what to say, how to direct the audience's attention, where to keep your hands, and so on. (In other words, how to be smart about the things your audience is surprisingly clueless about.) Here are the Ten Greatest Card Tricks; tricks to dazzle a dinner date; tricks to perform for the boss (poke a hole through his shirt, then magically mend it); tricks especially for kids; and even tricks for an audience in another state—with *Australian Self-Help*, you can find a participant's chosen card over the phone. It's the Aha! book for a subject whose time has come.

Magic Is Dead Ian Frisch, 2019-02-26 A journalist recounts his life-changing journey through the secret world of underground magic in this “funny, illuminating, and personal” memoir (Brooklyn Rail) When struggling journalist Ian Frisch came across magician Chris Ramsey on Instagram, he knew he had the makings of a good story. But what began as a simple profile piece led Ian to the 52—a secret society of magicians determined to revolutionize their ancient artform under the mantra *Magic Is Dead*. As Ian gains entry to the 52, he forms close bonds with its founding members—Laura London, Daniel Madison, and Chris Ramsay. He attends private gatherings of the most extraordinary magicians working today, follows them to magic conventions in Las Vegas and England, and discovers some of the best tricks of the trade. He also goes behind the scenes of a Netflix magic show and encounters David Blaine, Penn Jillette, and Dynamo, the U.K.’s most famous magician. As Ian tells the story of the 52, and his role as its most unlikely member, he reveals his own connection with trickery and deceit, sharing how he first learned the elements of magic from his poker-playing mother. Rich with the history of magic and populated with a cast of fascinating characters, *Magic Is Dead* is a page-turning work of immersive journalism coupled with a young man searching for himself.
