Moranthology Caitlin Moran, 2012-11-06 The follow up to her bestselling breakout hit *How to Be a Woman*, *Moranthology* is a hilarious, insightful collection of Moran's London Times columns that confirms her status as "the UK's answer to Tina Fey, Chelsea Handler, and Lena Dunham all rolled into one." (Marie Claire) Possibly the only drawback about the bestselling *How to Be a Woman* was that its author, Caitlin Moran, was limited to pretty much one subject: being a woman. *Moranthology* is proof that Caitlin can actually be "quite chatty" about many other things, including cultural, social and political issues that are usually the province of learned professors, or hot-shot wonks—and not of a woman who once, as an experiment, put a wasp in a jar, and got it stoned. Here you'll find Caitlin ruminating on—and sometimes interviewing—subjects as varied as caffeine, Keith Richards, Ghostbusters, Twitter, the welfare state, the royal wedding, Lady Gaga, and her own mortality, to name just a few. With her "brilliant, original voice" (Publishers Weekly), Caitlin brings insight and humor to everything she writes.

Engaged Journalism Jake Batsell, 2015-02-03 Engaged Journalism explores the changing relationship between news producers and audiences and the methods journalists can use to secure the attention of news consumers. Based on Jake Batsell's extensive experience and interaction with more than twenty innovative newsrooms, this book shows that, even as news organizations are losing their agenda-setting power, journalists can still thrive by connecting with audiences through online technology and personal interaction. Batsell conducts interviews with and observes more than two dozen traditional and startup newsrooms across the United States and the United Kingdom. Traveling to Seattle, London, New York City, and Kalamazoo, Michigan, among other locales, he attends newsroom meetings, combs through internal documents, and talks

with loyal readers and online users to document the successes and failures of the industry's experiments with paywalls, subscriptions, nonprofit news, live events, and digital tools including social media, data-driven interactives, news games, and comment forums. He ultimately concludes that, for news providers to survive, they must constantly listen to, interact with, and fulfill the specific needs of their audiences, whose attention can no longer be taken for granted. Toward that end, Batsell proposes a set of best practices based on effective, sustainable journalistic engagement.

Magazine Journalism Tim Holmes, Liz Nice, 2011-11-10 For those of us who long ago experienced the magazine love-bite and have been battling the prejudice and scant attention shown this beautiful medium ever since, here at last is the book to set the record straight. - Nicholas Brett, Deputy Managing Director, BBC Magazines At a time when magazines are undergoing active redefinition, this book represents a welcome intervention. It engages with a host of pressing issues in a manner alert to professional priorities while, at the same time, encouraging new ways of thinking about the challenges shaping this fast-moving field. Holmes and Nice are trustworthy guides, taking the reader on what proves to be a fascinating journey. - Stuart Allan, Professor of Journalism, Bournemouth University Magazines are the most successful media format ever to have existed: so begins *Magazine Journalism* as it traces how magazines arose from their earliest beginnings in 1665 to become the ubiquitous format we know today. This book combats the assumptions among media academics as well as journalists that magazines somehow don't count, and presents a compelling assessment of the development and innovation at the heart of magazine publishing. In magazines we find some of the key debates in journalism, from the genesis of 'marketing to the reader' to feminist history, subcultures and tabloidization. Embedding these questions in a thoroughly historical framework, Holmes and Nice argue for an understanding of magazine journalism as essential in the media landscape. Moving beyond the semiotic and textual analysis so favoured by critics of the past, the authors complete the story with an exploration of the production and consumption of magazines. Drawing on interviews with more than 30 magazine journalists across the industry, what emerges is a story of resilience, innovation and a unique ability to embrace new markets and readerships. *Magazine Journalism* takes the reader to the heart of key questions in the past, present and future of journalism and is essential reading for students across journalism and the creative industries.
