**The North Star** Peter H. Reynolds,2024-10-15 Ideal for graduates! A gorgeous edition of the universal fable that has inspired seekers of all ages to follow their heart's desire. Ask yourself where it is you want to go. . . . It is often said that life is a journey, and it's true. But sometimes it's hard to know which path to follow, when signs point in so many directions. In this beautifully illustrated book, Peter H. Reynolds once again encourages readers to observe, to wonder, and to consider diverging from the well-worn path—to pursue their dreams. Originally published ten years ago, The North Star has had a profound effect on its many readers. This edition celebrates the book's own decade-long voyage connecting people around the world. It has inspired classroom activities, a musical, and thousands more thoughtful journeys.

*The Development of a Common Framework Scale of Language Proficiency* Brian North, 2000 Scales describing language proficiency in a series of levels can provide orientation for educational programmes, criteria for assessment, and reporting to stakeholders. However, in most cases such instruments are produced just by expert opinion. A scale of language proficiency actually implies a descriptive scheme related to theory but usable by practitioners. It also implies a methodology for scaling content to different levels. This book describes the use of both qualitative and quantitative techniques to develop scales for the «Common Reference Levels» in the Common European Framework of Reference for modern languages. Short stand-alone descriptors were (i) developed and classified, (ii) refined and elaborated in workshops, and then (iii) scaled by analyzing the judgments of one hundred teachers on the English language proficiency of the learners in their classes.

**Finding Your Own North Star** Martha Beck, 2002-01-29 New York Times bestselling author and Life Designs, Inc. creator Martha Beck shares her step-by-step program that will guide you to fulfill your own potential and create a joyful life. In this book, you'll start by learning how to read the internal compasses already built into your brain and body--and why you may have spent your life ignoring their signals. As you become reacquainted with your own deepest desires, you'll identify and repair any unconscious beliefs or unhealed emotional wounds that may be blocking your progress. This will change your life, but don't worry--although every life is unique, major transformations have common elements, and Beck provides a map that will guide you through your own life changes. You'll learn how to navigate every stage, from the first flickering appearance of a new dream to the planning and implementation of your own ideal life. Based on Dr. Beck's work as a Harvard-trained sociologist, research associate at Harvard Business School, instructor at Thunderbird Business School, and especially on her experiences with her clients over the last six years, *Finding Your Own North Star* offers thoroughly tested case studies, questionnaires, and exercises to help you articulate your core desires and act on them to build a more satisfying life. "Explorers depend on the North Star when there are no other landmarks in sight. The same relationship exists between you and your right life, the ultimate realization of your potential for happiness. I believe that a knowledge of that perfect life sits inside you just as the North Star sits in its unaltering spot." -- Martha Beck
