I Taught Them to Cook Jenny Ridgwell, 2021-10-30 A story of teaching cooking in an east London comprehensive in 1970s. A bit like Call the Midwife only 20 years later. Reviews 'An accurate, and sometimes very funny, account of the trials of a young food teacher in the 70's. A light hearted testament to the importance of food, education, and a sizzling expose of the blindness of the powers that be.' Prue Leith This is a charming book, and I love its wry, nostalgic tone. Underneath that, there is a message - that food teaching really matters. Orlando Murrin President of Guild of Food Writers What an amazing book. I taught in London schools in the 1970s so Jenny's delightful book has prompted so many memories for me triggering laughter, pride as well as sadness and frustration! Sue Johne retired Head of Home Economics I read this book all in one greedy gulp, like eating one of those elegant cream horns produced by Jenny and her students in the school cookery room. Amazon reviewer Entertaining, fast paced food memoir You don't have to be interested in food or education to enjoy Jenny Ridgwell's page-turning account of teaching a disruptive and unwilling class of teenagers how to cook food in the 1970s. Lesley Garner journalist I was transported to the 1970s with Jenny's evocative portrayal of life teaching home economics in an east London comprehensive school. Louise Johncox, journalist and author

*Ask a Manager* Alison Green, 2018-05-01 'I'm a HUGE fan of Alison Green's Ask a Manager column. This book is even better' Robert Sutton, author of The No Asshole Rule and The Asshole Survival Guide 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F\*ck A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a Manager will help you successfully navigate the

stormy seas of office life.

**The Cult of Smart** Fredrik deBoer,2020-08-04 Named one of Vulture's Top 10 Best Books of 2020! Leftist firebrand Fredrik deBoer exposes the lie at the heart of our educational system and demands top-to-bottom reform. Everyone agrees that education is the key to creating a more just and equal world, and that our schools are broken and failing. Proposed reforms variously target incompetent teachers, corrupt union practices, or outdated curricula, but no one acknowledges a scientifically-proven fact that we all understand intuitively: Academic potential varies between individuals, and cannot be dramatically improved. In *The Cult of Smart*, educator and outspoken leftist Fredrik deBoer exposes this omission as the central flaw of our entire society, which has created and perpetuated an unjust class structure based on intellectual ability. Since cognitive talent varies from person to person, our education system can never create equal opportunity for all. Instead, it teaches our children that hierarchy and competition are natural, and that human value should be based on intelligence. These ideas are counter to everything that the left believes, but until they acknowledge the existence of individual cognitive differences, progressives remain complicit in keeping the status quo in place. This passionate, voice-driven manifesto demands that we embrace a new goal for education: equality of outcomes. We must create a world that has a place for everyone, not just the academically talented. But we'll never achieve this dream until the Cult of Smart is destroyed.
