The Power Behind Your Eyes Robert-Michael Kaplan, 1995-10-01 Good vision is more than the ability to see 20/20 on an eye chart. Any vision problem is a message alerting us to an unbalanced inner state. Eyeglasses, medications, and surgery may correct poor vision but they cannot correct this inner imbalance. In *The Power Behind Your Eyes*, Robert-Michael Kaplan presents Integrated Vision Therapy a comprehensive daily program that can actually improve as well as treat the inner causes of poor vision. More comprehensive than other vision care techniques, Integrated Vision Therapy takes a holistic approach to identifying the causes of vision problems and developing noninvasive, natural strategies for treatment, including clear, easy-to-follow exercises, diets, and changes in daily habits.

The Mind's Eye Peter Jackson-Main, 2024-10-29 A guide to the the relationship between the human iris and psychological characteristics. Written by renowned and established iridologist Peter Jackson-Main, this expertly conceived book provides a ground-breaking methodological model of how the iris might be used to understand the energetic, psychological and emotional attributes of a person. The analysis presented in *The Mind's Eye* places energy as the central aspect of an individual's reality. It argues that the physical body is an extension of such energy in the physical realm: a map of one's intentions in manifesting as a physical being. Jackson-Main situates the irises as this map, which when studied will allow true depth understanding of the human body. The book begins with a brief examination of the epistemological foundations of accepted theory and practice in medicine and healing. It continues as a journey, exploring the development of iris analysis throughout the twentieth century, including information on the possibility of heritable personality traits seen in the iris. Jackson-Main then provides his own perspectives on iris analysis, in a manner which is accessible for both practitioners, and any lay-person looking to learn more about themselves. The book also contains a comprehensive guide to completing an 'energetic' iris chart, and suggested exercises of practice. Not only is *The Mind's Eye* an indispensable guide for any health practitioners wishing to incorporate behavioural iridology to into their work, but it is also an invitation for all humans to embark on a deeply symbolic journey of self-discovery initiated through the marvels of the eye.

Aphorisms of a Restless Soul Luis Alexandre Ribeiro Branco,2014-12-08 According to the dictionary aphorism is a terse saying embodying a universal truth, or astute observation, as “Power tends to corrupt, and absolute power corrupts absolutely” However, my understanding of aphorism comes from Rubem Alves, a great chronicler, poet and writer from Brazil. Rubem Alves presented aphorism as the root of his marvelous writings. Therefore, inspired by Rubem Alves, aphorism became the best form to define my way of writings. I am sure that I would miss in any poetry contest and I would fail any poetry professional evaluation. I am not sure if I am a poet or not, but I am sure that I love to write the way I write. Perhaps, this is my great mistake, but I don't stress to write poetry, I just let the words fill my mind and then I put them in a written form. What you will find in this book is the expression of my inner self.

Psychology in Edgar Allan Poe Gerardo Del Guercio,2019-08-20 This collection offers six critical essays on the topic of psychology in Edgar Allan Poe. It came together as a response to a visible absence of this subject in recent scholarship. The volume presents Edgar Allan Poe as one of the pioneers in psychology, who often anticipated major theoretical trends and ideas in psychology in his incessant explorations of the relationship between behavior and the psyche. Scrutinizing serial killer narratives, obsessive narratives through Jungian unconscious, Lacanian Das Ding, doppelgängers, intersubjectivity, and the interrelationship between the material world and imaginative faculties, the essays reveal the richness and the complexity of Poe's work and its pertinence to contemporary culture. With contributions by Gerardo Del Guercio, Phillip Grayson, Sean J. Kelly, Rachel McCoppin, Tatiana Prorokova, and Karen J. Renner.

The Stop David Appelbaum,1995-01-01 The central axis of *The Stop* is the secret turn of awareness by which we pass from ignorance to knowledge. The stop, then, is the spark of initiation, intense enough to arouse consciousness from its slumber and to motivate the difficult journey to a higher understanding. To stop is to begin a movement toward consciousness.

Common Eye Diseases and their Management Nicholas R. Galloway, Winfried M. K. Amoaku, Peter H. Galloway, Andrew C Browning,2016-07-14 Since the last edition of this book, there have been a number of advances in the fields of glaucoma, corneal disease, medical retina and genetics. This new edition discusses these developments while also providing an introduction to the specialty of clinical ophthalmology for medical students, trainee ophthalmologists, optometrists, general practitioners, and anyone with a special interest in the subject. Each chapter contains a brief introduction and an outline of the anatomy of the eye and orbit, and utilises an “answering problems” format. Emphasis is placed on the efficacy of modern treatments in ophthalmology and brief historical information is provided where needed. Most chapters remain in the original format of keeping a dialogue to maintain interest rather than a purely didactic approach

with bullet points. References are deliberately kept to a minimum and the chapters end with a concise summary to assist the reader with remembering the key points for each topic.

Beware the Evil Eye Volume 3 John H. Elliott, 2016-07-26 The Evil Eye is mentioned repeatedly throughout the Old Testament, Israel's parabiblical writings, and New Testament, with a variety of terms and expressions. The Old Testament (Greek Septuagint) contains no less than fourteen text segments involving some twenty explicit references to the Evil Eye (Deut 15:9; 28:54, 56; Prov 23:6; 28:22; Tob 4:7, 16; Sir 14:3, 6, 8, 9, 10; 18:18; 31:13; 37:11; Wis 4:12; 4 Macc 1:26; 2:15; Ep Jer 69/70). At least three further texts are also likely implied references to an Evil Eye (1 Sam 2:29, 32; 18:9), with some other texts as more distant possibilities. The Evil Eye is mentioned also in the Old Testament Pseudepigrapha, the Dead Sea Scrolls, and the writings of Philo and Josephus--all of which are discussed in the following pages. Evil Eye belief and practice continued in the early Jesus movement. Jesus mentions the Evil Eye on more than one occasion (Matt 6:22-23; Luke 11:33-36; Mark 7:22). Paul makes explicit and implicit mention of the Evil Eye in his letter to the Galatians (3:1; 4:12-20). Possible implicit references to the Evil Eye are also examined. Both the common and the distinctive features of biblical Evil Eye belief are identified, along with its operation on multiple levels (biological/physiological, psychological, economic, social, and moral) and its serving a variety of purposes. The numerous references to the Evil Eye in Israel's rabbinic writings and those of postbiblical Christianity (second-sixth centuries CE), together with the material evidence from this period, are examined in volume 4.
