**Ask a Manager** Alison Green, 2018-05-01 'I'm a HUGE fan of Alison Green's Ask a Manager column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F\*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

*The Men of Brewster Place* Gloria Naylor, 1999 Fifteen years ago, Gloria Naylor burst onto the American literary scene with *The Women of Brewster Place*. Now she has focused her attention on the other side of the story - the men of Brewster Place. Like the women, they are committed to one another and to their community. Ben, who died in the first *Brewster Place* novel, is resurrected to narrate the tales of seven men and the women who love them. The complexity of their personal issues and how they are resolved leaves the reader with renewed hope and optimism.

**An Introduction to Community Development** Rhonda Phillips,Robert Pittman,2014-11-26 Beginning with the foundations of community development, An Introduction to Community Development offers a comprehensive and practical approach to planning for communities. Road-tested in the authors' own teaching, and through the training they provide for practicing planners, it enables students to begin making connections between academic study and practical know-how from both private and public sector contexts. An Introduction to Community Development shows how planners can utilize local economic interests and integrate finance and marketing considerations into their strategy. Most importantly, the book is

strongly focused on outcomes, encouraging students to ask: what is best practice when it comes to planning for communities, and how do we accurately measure the results of planning practice? This newly revised and updated edition includes: increased coverage of sustainability issues, discussion of localism and its relation to community development, quality of life, community well-being and public health considerations, and content on local food systems. Each chapter provides a range of reading materials for the student, supplemented with text boxes, a chapter outline, keywords, and reference lists, and new skills based exercises at the end of each chapter to help students turn their learning into action, making this the most user-friendly text for community development now available.

*What Work Requires of Schools* Fritz Leiber,1991 Concludes that all American high school students must develop a new set of competencies and foundation skills; that qualities of high performance that characterize the most competitive companies must become the standard for the majority of all companies; and American schools must be transformed into high-performance organizations in their own right. Describes the skills and personal qualities that workers need in order to be competent, and the productive use of resources, interpersonal skills, information, systems and technology by effective

workers. Illustrated.

*Tales from the Slot Floor, Volume 1: Casino Slot Managers in Their Own Words* David G. Schwartz, 2018-06-22 Slot machines are the backbone of most casinos. They earn the most money and determine the physical layout of the casino floor. The management of slot machines, which includes overseeing employees, selecting machines, designing the playing space, resolving customer disputes, and conducting analyses to improve operations, is a challenging field whose complexity has grown as the machines themselves have become more sophisticated. To better document the current issues in slot management--and the change the field has seen over the past four decades--the University of Nevada, Las Vegas Center for Gaming Research conducted an oral history project. Those interviewed were at all stages of their careers. Drawn from these interviews, *Tales from the Slot Floor* features slot managers discussing several of the most important issues in today's casino world, including: the optimal layout of a slot floor; the qualities demonstrated by both good and bad managers; what customers want from their visits to the casino; the vendor/casino relationship; appealing to millennials; and what the future holds. In addition, those with long careers share their views on the changes they have seen, and all subjects offer their advice to those embarking on a career in slot management. For those interested in becoming slot managers, or those just curious about how casinos work, *Tales from the Slot Floor* gives you the inside story of slot operations, from those who do it.

**Moving Up in the New Economy** Joan Fitzgerald,2018-07-05 The United States used to be a country where ordinary people could expect to improve their economic condition as they moved through life. For millions of us, this is no longer the case. Many Americans today have a lower standard of living as adults than they had in their parents' homes as children.... This book is about restoring the upward mobility of U.S. workers. Specifically, it addresses the workforce-development strategy of creating not just jobs, but career ladders.—from *Moving Up in the New Economy* Career-ladder strategies create opportunities for low-wage workers to learn new skills and advance through a progression of higher-skilled and better-paid jobs. For example, nurses' aides can become licensed practical nurses, administrative assistants can become information technology workers, and bank tellers can become loan officers. Career-ladder programs could provide opportunities for upward mobility and also stave off impending national shortages of skilled workers. But there are a variety of obstacles that must be faced candidly if career-ladder programs are to succeed. In *Moving Up in the New Economy*, Joan Fitzgerald explores specific programs in different sectors of the economy—health care, child care, education, manufacturing, and biotechnology—to offer a comprehensive analysis of this innovative approach to job training. Addressing the successes achieved—and the problems faced—by career-ladder programs, this timely book will be of interest to anyone interested in career development, workforce training, and employment issues, especially those that affect low-wage workers.

Linking Training to Performance William J. Rothwell,Patrick E. Gerity,Elaine A. Gaertner,2000 This book is written for workforce developers in community colleges and branch campus settings. College administrators, public officials, and employers may also find it helpful because it will give them a frame of reference for directing--or judging the quality of--community college workforce developers, the functions they oversee, the results they obtain, and the services they offer. This book can also serve as a text for the many students who are preparing themselves for careers in the challenging world of workforce development in community colleges. The book is intended to cover key issues in workforce development. The fifteen chapters are: (1) The Role of Workforce Development Organizations (Laurance J. Warford); (2) Strategic Business Planning for Workforce Development (Frederick D. Loomis); (4) Integrating Workforce Development and Institutional Requirements (James Jacobs); (5) Competencies for Workforce Developers (William J. Rothwell and Patrick E. Gerity); (6) Building Community Partnerships for Workforce Development (Mary Gershwin); (7) Marketing Workforce Development Organizations (Paul Pierpoint); (8) The 5-S Consultative Approach to Sales (Wesley E. Donahue and John E. Park); (9) Finance and Budgeting for Workforce Development Organizations (Leslie Roe); (10) Establishing and Maintaining Effective Relations with Workforce Development Faculty, Staff, and Administrators (Dennis Bona); (11) Assessing Needs for Training and Nontraining Projects (Elaine A. Gaertner and Cheryl A. Marshall); (12) Integrating Complex Training and Nontraining Projects (Ethan S. Sanders); (13) Evaluating Workforce Development Efforts (William J. Rothwell); (14) Outsourcing Training

(Karen A. Flannery); and (15) Lessons Learned and Emerging Issues (Patrick E. Gerity). Appended are: (1) Developing a High-Performing Organization: Self-Assessment Instrument for Workforce Development Professionals in Higher Education; (2) Competency Model for Community College Workforce Developers; (3) Competency Assessment Instrument for Community College Workforce Developers; (4) Templates for Conducting 5-S Consultative Sales; (5) Coaching Checksheet for Community College Workforce Developers; (6) Templates for Community College Workforce Developers; and (7) State-by-State Electronic Resources for Workforce Development Strategic Plans and Customized Job Training Grants. The book also contains a foreword by George R. Boggs and James McKenney; preface; information about the contributors, and an index.

*The Value of Academic Libraries* Megan J. Oakleaf, 2010 This report provides Association of College and Research Libraries (ACRL) leaders and the academic community with a clear view of the current state of the literature on value of libraries within an institutional context, suggestions for immediate Next Steps in the demonstration of academic library value, and a Research Agenda for articulating academic library value. Its focus is to help librarians understand, based on professional literature, the current answer to the question, How does the library advance the missions of the institution? This report is also of interest to higher educational professionals external to libraries, including senior leaders, administrators, faculty, and student affairs professionals.
