

Breaking Through Francisco Jimenez Copy

Shirley Jackson

Breaking Through Francisco Jiménez, 2001 At the age of fourteen, Francisco Jimenez, together with his older brother Roberto and his mother, are caught by la migra. Forced to leave their home, the entire family travels all night for twenty hours by bus, arriving at the U.S. and Mexican border in Nogales, Arizona. In the months and years that follow, Francisco, his mother and father, and his seven brothers and sister not only struggle to keep their family together, but also face crushing poverty, long hours of labor, and blatant prejudice. How they sustain their hope, their goodheartedness, and tenacity is revealed in this moving sequel to *The Circuit*. Without bitterness or sentimentality, Francisco Jimenez finishes telling the story of his youth.

Breaking Through Francisco Jiménez, 2001 Publisher Description

The Circuit Francisco Jiménez, 1997 A collection of stories about the life of a migrant family.

Taking Hold Francisco Jiménez, 2015 Traces the author's education at Columbia University, where he struggled with cultural differences and a changing sense of identity.

La Mariposa Francisco Jiménez, 2000-09 In his first year of school, Francisco understands little of what his teacher says. But he is drawn to the silent, slow-moving caterpillar in the jar next to his desk. He knows caterpillars turn into butterflies, but just how do they do it? To find o

Reaching Out Francisco Jiménez, 2009-09-07 "This sequel to *Breaking Through* and *The Circuit* again brings to the forefront the daily trials of poor immigrant families . . . compelling and honest."—School Library Journal From the perspective of the young adult he was then, Francisco Jiménez describes the challenges he faced in his efforts to continue his education. During his college years, the very family solidarity that allowed Francisco to survive as a child is tested. Not only must he leave his family behind when he goes to Santa Clara University, but while Francisco is there, his father abandons the family and returns to Mexico. This is the story of how Francisco coped with poverty, with his guilt over leaving his family financially strapped, with his self-doubt about succeeding academically, and with separation. Once again his telling is honest, true, and inspiring A Smithsonian Magazine Best Book of the Year "Rooted in the past, Jiménez's story is also about the continuing struggle to make it in America, not only for immigrant kids but also for those in poor families. Never melodramatic or self-important, the spare episodes will draw readers with the quiet daily detail of work, anger, sorrow, and

hope.”—Booklist (starred review) “In this eloquent, transfixing account, Jiménez again achieves a masterful addition to the literature of the memoir.”—Smithsonian Magazine “No one who reads these life stories will forget them. Jiménez reaches out to let us walk in his shoes, feel his pain and pride, joy and sorrow, regrets and hope.”—Sacramento Bee

The Guncle Steven Rowley, 2022-06-01 From the author of *Lily and the Octopus* comes a moving and deeply funny novel about a once-famous sitcom star who is left to care for his niece and nephew after an unexpected family tragedy. Patrick, or Gay Uncle Patrick (GUP for short), has always loved his niece, Maisie, and nephew, Grant. That is, he loves spending time with them ... in small doses, with their parents there to handle the tears and tricky questions. So when tragedy strikes and Patrick finds himself suddenly taking on the role of primary guardian, he is, honestly, overwhelmed. Patrick has no idea what to expect, having spent years barely holding on after the loss of his great love, a stalled acting career, and a lifestyle not-so-suited to young children. But when he realises that parenting isn't solved with treats and jokes, Patrick's eyes are opened to a new sense of responsibility and the realisation that, sometimes, being vulnerable is the only way to heal from grief. Tender, charming and laugh-out-loud funny, *The Guncle* is a testament to finding happiness and peace in the most trying of times. 'Steven Rowley's *The Guncle* is a gift. At once funny, charming and heartbreaking, it's that rare novel that will have you laughing out loud, even through tears. I have yet to meet a person who did not love this book.' Sally Hepworth, bestselling author of *The Good Sister* and *The Younger Wife* 'A joyous Auntie Mame spritz! A reading pleasure; pour yourself a tall glass and enjoy, preferably poolside. You deserve it!' Andrew Sean Greer, winner of the 2018 Pulitzer Prize for *Less*

Don't Make Me Think Steve Krug, 2009-08-05 Five years and more than 100,000 copies after it was first published, it's hard to imagine anyone working in Web design who hasn't read Steve Krug's instant classic on Web usability, but people are still discovering it every day. In this second edition, Steve adds three new chapters in the same style as the original: wry and entertaining, yet loaded with insights and practical advice for novice and veteran alike. Don't be surprised if it completely changes the way you think about Web design. Three New Chapters! Usability as common courtesy -- Why people really leave Web sites Web Accessibility, CSS, and you -- Making sites usable and accessible Help! My boss wants me to _____. -- Surviving executive design whims I thought usability was the enemy of design until I read the first edition of this book. *Don't Make Me Think!* showed me how to put myself in the position of the person who uses my site. After reading it over a couple of hours and putting its ideas to work for the past five years, I can say it has done more to improve my abilities as a Web designer than any other book. In this second edition, Steve Krug adds essential ammunition for those whose bosses, clients, stakeholders, and marketing managers insist on doing the wrong thing. If you design, write, program, own, or manage Web sites, you must read this book. -- Jeffrey Zeldman, author of *Designing with Web Standards*

Medium, 2002

Open Veins of Latin America Eduardo Galeano, 1997 [In this book, the author's] analysis of the effects and causes of

capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.-Back cover.

My Favorite Thing is Monsters Emil Ferris,2017-02-15 Set against the tumultuous political backdrop of late '60s Chicago, *My Favorite Thing Is Monsters* is the fictional graphic diary of 10-year-old Karen Reyes, filled with B-movie horror and pulp monster magazines iconography. Karen Reyes tries to solve the murder of her enigmatic upstairs neighbor, Anka Silverberg, a holocaust survivor, while the interconnected stories of those around her unfold. When Karen's investigation takes us back to Anka's life in Nazi Germany, the reader discovers how the personal, the political, the past, and the present converge.

Systematic Reviews in the Social Sciences Mark Petticrew,Helen Roberts,2008-04-15 Such diverse thinkers as Lao-Tze, Confucius, and U.S. Defense Secretary Donald Rumsfeld have all pointed out that we need to be able to tell the difference between real and assumed knowledge. The systematic review is a scientific tool that can help with this difficult task. It can help, for example, with appraising, summarising, and communicating the results and implications of otherwise unmanageable quantities of data. This book, written by two highly-respected social scientists, provides an overview of systematic literature review methods: Outlining the rationale and methods of systematic reviews; Giving worked examples from social science and other fields; Applying the practice to all social science disciplines; It requires no previous knowledge, but takes the reader through the process stage by stage; Drawing on examples from such diverse fields as psychology, criminology, education, transport, social welfare, public health, and housing and urban policy, among others. Including detailed sections on assessing the quality of both quantitative, and qualitative research; searching for evidence in the social sciences; meta-analytic and other methods of evidence synthesis; publication bias; heterogeneity; and approaches to dissemination.

LSD, My Problem Child Albert Hofmann,2017-09-27 This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. In *LSD: My Problem Child*, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

The Publishers Weekly ,2003

The Witchcraft of Salem Village Shirley Jackson,2011-02-02 Stories of magic, superstition, and witchcraft were strictly forbidden in the little town of Salem Village. But a group of young girls ignored those rules, spellbound by the tales told by a woman named Tituba. When questioned about their activities, the terrified girls set off a whirlwind of controversy as they accused townspeople after townspeople of being witches. Author Shirley Jackson examines in careful detail this horrifying true story of accusations, trials, and executions that shook a community to its foundations.

Borderlands Gloria Anzaldúa,2021 Literary Nonfiction. Poetry. Latinx Studies. LGBTQIA Studies. Edited by Ricardo F. Vivancos-Pérez and Norma Cantú. Rooted in Gloria Anzaldúa's experiences growing up near the U.S./Mexico border, *BORDERLANDS/LA FRONTERA* remaps our understanding of borders as psychic, social, and cultural terrains that we inhabit and that inhabit us all. Drawing heavily on archival research and a comprehensive literature review while contextualizing the book within her theories and writings before and after its 1987 publication, this critical edition elucidates Anzaldúa's complex composition process and its centrality in the development of her philosophy. It opens with two introductory studies; offers a corrected text, explanatory footnotes, translations, and four archival appendices; and closes with an updated bibliography of Anzaldúa's works, an extensive scholarly bibliography on *Borderlands*, a brief biography, and a short discussion of the Gloria E. Anzaldúa Papers. Ricardo F. Vivancos-Pérez's meticulous archival work and Norma Elia Cantú's life experience and expertise converge to offer a stunning resource for Anzaldúa scholars; for writers, artists, and activists inspired by her work; and for everyone. Hereafter, no study of *Borderlands* will be complete without this beautiful, essential reference.--Paola Bacchetta

The ALAN Review ,2002

My New Roots Sarah Britton,2015-03-31 Holistic nutritionist and highly-regarded blogger Sarah Britton presents a refreshing, straight-forward approach to balancing mind, body, and spirit through a diet made up of whole foods. Sarah Britton's approach to plant-based cuisine is about satisfaction--foods that satiate on a physical, emotional, and spiritual level. Based on her knowledge of nutrition and her love of cooking, Sarah Britton crafts recipes made from organic vegetables, fruits, whole grains, beans, lentils, nuts, and seeds. She explains how a diet based on whole foods allows the body to regulate itself, eliminating the need to count calories. *My New Roots* draws on the enormous appeal of Sarah Britton's blog, which strikes the perfect balance between healthy and delicious food. She is a whole food lover, a cook who makes simple accessible plant-based meals that are a pleasure to eat and a joy to make. This book takes its cues from the rhythms of the earth, showcasing 100 seasonal recipes. Sarah simmers thinly sliced celery root until it mimics pasta for Butternut Squash Lasagna, and whips up easy raw chocolate to make homemade chocolate-nut butter candy cups. Her recipes are not about sacrifice, deprivation, or labels--they are about enjoying delicious food that's also good for you.

Gossip from the Forest Sara Maitland, 2012-11-01 Fairytales are one of our earliest and most vital cultural forms, and forests one of our most ancient landscapes. Both evoke a similar sensation in us - we find them beautiful and magical, but also spooky, sometimes horrifying. In this fascinating book, Maitland argues that the two forms are intimately connected: the mysterious secrets and silences, gifts and perils of the forests were both the background and the source of the fairytales made famous by the Grimms and Hans Christian Andersen. Yet both forests and fairy stories are at risk and their loss deprives us of our cultural lifeblood. Maitland visits forests through the seasons, from the exquisite green of a beechwood in spring, to the muffled stillness of a snowy pine wood in winter. She camps with her son Adam, whose beautiful photographs are included in the book; she takes a barefoot walk through Epping Forest with Robert Macfarlane; she walks with a mushroom expert through an oak wood, and with a miner through the Forest of Dean. Maitland ends each chapter with a unique, imaginative re-telling of a fairytale. Written with Maitland's wonderful clarity and conversational grace, *Gossip from the Forest* is a magical and unique blend of nature writing, history and imaginative fiction.

The Last Martin Jonathan Friesen, 2011-04-05 Thirteen year-old Martin Boyle, the most fearful hypochondriac born into a family of worriers, doesn't want to visit the family cemetery. Truth is, none of the Boyles are thrilled about the annual trip to visit their war dead. It shames Mr. Boyle to think of his once courageous family line, and Mrs. Boyle is certain the greenish moss growing on the headstones carries disease. But after strict no-touch warnings from Mrs. Boyle (and an anti-bacterial scrub down), Martin ventures into the private cemetery for a grim remembrance. He's surrounded by stones that bear his name. Martin, the Boyle family name, has been given to the firstborn male in each Boyle household for centuries. While his father offers a speech honoring Martins who have gone before, Martin wanders among his ancestors. Writing on the old headstones is hardly legible, and he scratches at birth and death dates with a stick. His analytical mind gravitates toward the numbers, and his stomach sinks. The pattern is clear: Martin 1770-1819. Martin 1819-1835. Martin 1835-1899. Martin 1899-1956. Martin 1956-1996. There's always a Martin. Only one Martin. Martin panics. Not because he was born in 1996—that only fits—but because his uncle and aunt are expecting their first child, a boy, in three months. Tradition dictates they will name him Martin. He's seen the graveyard. He has proof of the curse. When the next Martin is born, he'll die. Martin's parents believe the cemetery pattern is a coincidence, and a sign that their son needs professional help. It's a belief that's about to get stronger because their son, with the help of a homeless boy named Poole, is about to make his first decision of consequence: with twelve weeks until the baby's arrival and no time to waste, Martin chooses to live. Little does he know that the key to his survival—the cornerstone of the curse—lies embedded
