Finally, he concludes by detailing how European diseases defeated ancient Africa. Blueprint for Black Power Amos N. Wilson, 1998 Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. Seven Days in Usha Village Beverly Oliver,2008-02-01 Part biography, part health education, part social commentary, this 132-page paperback explores the candid, controversial life and unconventional pathology skills of noted healer and nutritionist Dr. Sebi. Written in interview style and published on the 20th anniversary of Dr. Sebi's acquittal by the New York Supreme Court, Seven Days in Usha Village: A Conversation with Dr. Sebi, exposes readers to the healer's updated views on health and nutrition as he speaks from his native home Honduras, Central America. Beverly Oliver, the book's editor, tape recorded the seven-day interview in November 2005. She chose excerpts that shed light on Dr. Sebi's 25-year relationship with community activists, political leaders and celebrities, including Michael Jackson and the late hip hop singer Lisa Left Eye Lopes. The book also includes Dr. Sebi's relentless appeals to Black Americans specifically, and more broadly the general

public, to change generations of harmful food consumption. The book's glossary contains chemical and botanical definitions as well as descriptions of historical figures in music, education, health, religion, and philosophy.
